

Ukrainian Canadian Congress Election Observer Ukraine 2004

Application Instructions

1. Please fill out the attached Application Form in full. It is very important to include your availability for travel to Ukraine. Those who can stay longer than the one week minimum, either before or after the elections, can be assigned additional responsibilities as required.
2. Please attach your CV to the Application Form.
3. Completed forms may be submitted to UCC Head Office by mail, fax or email. For coordinates see below. **The deadline for submitting applications to UCC is May 15, 2004.** Receipt of your application will be confirmed by UCC Head Office.
4. Should you choose to do so, we recommend that you also fill out an application to CANADEM. Canadem is the national database for international missions from which the Canadian government will be selecting observers for its official OSCE delegation.

PLEASE NOTE: The UCC will not be able to confirm the accreditation of observers until after the election campaign has officially been announced in Ukraine and Ukraine's Central Electoral Commission has approved applications for accreditation status. However, once we have your application on file you will be continually updated on these events as they unfold. We do not recommend that you make any travel plans until you receive confirmation of accreditation from the UCC.
