

Dear Mr. President,

During an April 27, 2010 session of the Parliamentary Assembly of the Council of Europe you stated that recognizing the Holodomor as genocide of a specific people as opposed to another is improper and unfair. Your statement breached the *Law of Ukraine On The Holodomor Of 1932-33*.

The dissemination of historical truths about Ukraine in my country of residence is of great importance to me. Mr. President, I call upon you to publicly recognize the Holodomor as an act of genocide against the Ukrainian people and to ensure that the *Law of Ukraine On The Holodomor Of 1932-33* maintains it was a genocide.

Respectfully,
