Dear Laurel,

On behalf of the Holodomor Education Team and the Ukrainian Canadian Congress, we would like to thank you for taking the time to meet with us at your office on January 17, 2013. We truly appreciated not only your time, but also your support and assurance for the equitable inclusion of the Holodomor tragedy in the new history and social science curriculum.

As mentioned during our meeting, we are deeply committed to teaching the students of Ontario that forced famine is a form of genocide. As such, we look forward to your continued support by ensuring that the Holodomor is particularly included in the following courses:

Canadian History Since World War I CHC 2D Grade 10;  
World: History: The West and the World CHY4U Grade 12;  
Canadian and World Politics CPW 4U Grade 12.

We trust that the information provided to you will be helpful in determining how the Holodomor will be incorporated into the history and social science curriculum. We look forward to seeing the final draft of the new document, shortly.

Should you require any further information, however, please do not hesitate to contact us at the information indicated below.

Thank you, again, for your attention and commitment.
