The Canada-Ukraine Foundation (CUF) was established in 1995 at the 18th Ukrainian Canadian Congress (UCC) in order to coordinate, develop, organize and deliver assistance projects generated by Canadians and directed to Ukraine.

There was and is a need for an institution to monitor, provide and promote technical and humanitarian aid; to assess and evaluate projects; to foster cooperation and communication among aid providers; to assist in establishing priorities and developing projects that will maximize impact and cost effectiveness; and to act as a forum that brings together individuals and organizations from the community, private and public sectors, which are interested in providing assistance to Ukraine.

CUF therefore was established as a national charitable foundation that would coordinate Canadian organizations that have projects in Ukraine as well as other projects in Canada.
