Hello,

Thank you for your interest in the campaign platform. As it is so late in the campaign, we are no longer submitting surveys or questionnaires. My I suggest that your members in our riding attend one of the upcoming forums to learn more about the platform and positions that Cindy holds as part of her campaign? I attach a copy for your information.

I am very sorry about this but she is too busy preparing her speeches, researching for forums, and meeting with voters. I hope you understand.

Thanks again.

~Kate
