

1. Strengthening Canada-Ukraine Security Relations

a) Do you condemn Russia's invasion of Ukraine and illegal occupation of Crimea and parts of Donetsk and Luhansk oblasts?

Yes.

b) Do you support Canada providing Ukraine with defensive weapons, increased security cooperation between Canada and Ukraine, and increased Canadian sanctions on Russia in response to Russia's invasion of Ukraine?

We support Canada's continued use of sanctions on Russia, as well as the continued provisions of development and humanitarian assistance to help Ukrainians. We also support the current Canadian Armed Forces efforts to assist in training and capacity building. However, we do not support the provision of weapons.

2. Supporting Democratic and Economic Reform in Ukraine

Do you support increased Canadian international assistance for Ukraine, including increased humanitarian assistance and increased support for consolidating Ukraine's democratic institutions?

Greens believe we should focus on trade and economic stability, in particular redoubling our efforts to support civil society. Under a Green government, international assistance funds will be increased, which will benefit the people of Ukraine.

3. Ensuring Security and Dignity for Seniors

Do you support increased investment to ensure affordable care for seniors and increased cooperation with ethno-cultural organizations and institutions who provide care to seniors?

We will work to ensure that every Canadian has a family doctor and that primary care is centred on the patient and is sensitive to issues of social justice, equity and cultural appropriateness.

A Green government will actively address the needs of seniors, with a view to keeping seniors in their own communities. We will fund the creation of more long-term care beds in neighbourhood facilities, and will support home-sharing plans that can provide the option to seniors to stay in their own homes. We understand the immense effort undertaken by caregivers and are open to supporting them through a benefit program. Our Guaranteed Liveable Income program will also support caregivers and seniors alike.

4. Welcoming Newcomers to Canada

a) Do you support increasing assistance and cooperation with ethno-cultural, community-based settlement services for newcomers?

Greens will increase funding of multicultural associations providing immigrant support programs, including language programs.

b) Do you support visa-free travel to Ukrainian citizens visiting Canada?

We are encouraged by the progress made under the Liberal government towards visa-free travel for Ukrainian citizens visiting Canada, and we plan to continue this progress.

5. Helping our Culture Flourish

a) Do you support the recognition of the Deportation of the Crimean Tatar People (Sürgünlik) by the Soviet regime in 1944 as an act of Genocide? Do you support establishing May 18 as the annual Day of Remembrance of the Genocide of the Crimean Tatar People?

Yes.

b) Do you support the establishment of October 28 as the annual Day of Commemoration of Canada's First National Internment Operations?

Yes.

c) Do you support increasing funding to multicultural programming in Canada?

The Green Party will support multicultural communities by assisting cultural organizations to obtain charitable status.

d) Do you support increasing government assistance to heritage language programming in Canada?

Greens will increase funding of multicultural associations providing immigrant support programs, including language programs.

6. Fighting Online Hate and Disinformation

Do you support increased measures to eliminate online hate and disinformation campaigns from social media?

Online harassment is illegal. The Green Party condemns it and believes that the perpetrators of such harassment should be reported and held accountable. Greens will study options to regulate Facebook, Twitter and other social media platforms to ensure that only actual people, with verifiable identities, are able to publish on those platforms. This will also help reduce the pernicious spread of disinformation campaigns, which have been undermining our democracy.
